“OUR FAMILY SERVING YOUR FAMILY SINCE 1976”

WHAT’S NEW

Fuels prices. They are on everyone’s minds.

How high will they go? When will they come back down? Can I go on my summer vacation?

I wish I could offer better news, but I believe that as long as the Russia-Ukraine conflict is ongoing, prices will remain elevated. It seems like gas is sticking to the upper \$3 to mid \$4 range. While watching the markets since the invasion began, gas has lagged behind the diesel moves. For example, if diesel was up 20 cents one day, gas might be up 10-12 cents. The diesel range is looking more like the mid \$4 to potentially \$5+ range. The reason is that diesel is a more sought out fuel during wartime. In addition, diesel can be used as an alternative to natural gas or coal for some power generation in Europe.

All of us want to see lower prices. Please pray for peace and a change of heart from Putin and his allies. Thank you for your business and remember to take things one day at a time.

Staff Updates

After more than 6 years with us, delivery driver Dylan Palmer is leaving Kramer Oil. Many of you may know that Dylan began his own business, Palmer’s Precision Pruning, about four years ago. His business has grown, so Dylan has decided to pursue this career full-time. We are grateful for all he has done for Kramer Oil and wish him the best in his new venture. Be sure to call Dylan for all your pruning, plant care and landscaping needs this spring.

With Dylan’s departure, you will see some other familiar faces delivering your fuel and oil in the coming weeks and months. If you have any questions, don’t hesitate to call the Kramer Oil office at (785) 562-2466. We look forward to continuing to serve you!
